a. Personal Information: There is a request from a single member requesting the names and addresses of all CVCEO members and we are not going to provide that information to anyone that's not a board member because I don't believe that it's appropriate for members to get other members personal information especially when it's going to be used in a bid to decertify CVCEO. So just know that if you are hearing the rumors that somebody is asking for your name and address, I am you're not going to give that out.

b. Classified Employee Celebration at the School Board Mtg: We had a beautiful reception before the school board meeting to honor all our schools and district offices that nominated our classified employees

10. Open communications
